Coach Name	Coach Email	
Coach Signature	Applicant Signature	Parents/Guardian Signature (for skater under the age of 18)

Below guideline may be subject to change without notice. Please visit website for the latest guideline.

- ❖ Test Judging Fee is non-refundable. For Couples, Pair & Dance, application fee USD110 / HKD880 in total if both skaters are testing. This fee does not include any additional ice fee that might also be due before testing.
- ❖ Please ensure that the applicant(s) has/have valid membership and previous test(s) must be passed and registered to ISIAAsia Office before applying the Video/Live Test Judging.
- ❖ For tests of Level 10, it will be conducted live only during Skate Asia. Please contact ISIAAsia Office for more details.
- ❖ **The High Level Test result will not be finalized until approval of the Chair of Technical - High Level Testing Committee is obtained.**
- ❖ Test registration fee is not included in the Judging fee. Test registration fee should be paid after confirmation of the test passed.

For Live Test

- Please provide the *proposed testing venue, date and time* for us to arrange Judge Panel (except for those tests in Skate Asia). The coach will have to provide another proposed venue, date and time if required by the ISIAAsia Office. Skater may choose to take video test if no other venue can be arranged.
- This application form and payment must be submitted to the ISIAAsia Office at least **TWO WEEKS IN ADVANCE** of the proposed test date.
- A video must be recorded during the test and submitted to ISIAAsia Office for record. Video requirement please refer to Video Test Guideline.

For Video Test

Submit this application form and video link/file to members@isiasia.org

The following guidelines must be followed for all Test videos:

1. The video must be unedited and use a single camera. Each part of the recording must be in continuous take and cannot be broken into several recordings.
2. Skaters should present themselves in proper skating attire and with neat hair appearance.
3. Skaters should introduce themselves on camera with their name, home rink and the test level they are submitting.
4. The video must be filmed on clear ice (with no other skaters) and be unedited from a single camera.
5. A short rest is allowed in between the compulsory portion and the skating of the program; however filming must be continued during that time period.
6. Freestyle Test
 - The video must show each required compulsory maneuver attempted two times (performed in the same order as listed in the current ISI Handbook) and then followed by the non-stop program.
 - The required dance step turns for that test level must be performed two times in isolation (alone) before completing the entire dance step sequence two times for the compulsory portion of the test.
7. Before sending the video to ISIAAsia, watch and review the video to make sure all the requirements are met. Also check specific maneuvers so everything can be clearly seen – like the angle of both legs in the Split Lutz jump, etc.
8. If you are trying to meet a competition entry deadline, please allow at least 30 days to receive test results.
9. If a skater does not pass, he/she can have **not more than two additional attempts** before he/she will need to resubmit the Test Judging application and fee for any subsequent video submissions of his/her test. Video must be sent **within three months** upon receipt of the test result of the first attempt. Skaters have to resubmit the application if the test is not passed within the specified period.
10. All the videos submitted become property of ISIAAsia.

Test results are normally available within 2-3 weeks.
