Each skater represents a speck of color – and those color pieces are choreographed to create constantly changing patterns, designs and formations on the ice. Creativity, use of color and props are also an important part of the overall “design”.

OPEN FREESTYLE – Bronze / Silver / Gold /Gold Short/ Platinum/ Platinum Short

There are no required maneuvers for the new Open Freestyle events, but all skaters and coaches should carefully check the maneuver limitations for the Bronze, Silver & Gold levels. The program should be well-balanced including jumps, spins, connecting moves, gliding maneuvers, etc. Skaters who have passed the traditional ISI Freestyle 1-10 tests are not required to take any additional test to compete at the equivalent level of Open Freestyle events.

Skaters who have passed tests from other skating organizations are only required to take the equivalent level test to compete in that level, In some cases, skaters will have to also test to move up to a higher Open Freestyle level - based on their current program content.

Judging criteria for Open Freestyle events includes: Correctness, Variety of Moves, Music Interpretation, Posture, Choreography & Pattern, Presentation, Duration and General Overall (by all 3 judges).

PAIR 1-10

Together two skaters perform a choreographed routine to music. This program should include all the required maneuvers from their current Pair test level. The event is similar to Couples. However, unlike Couples, Pairs includes pair lifts and pair spins. Both skaters must pass the required Pair Test to compete in this event.

PATTERN SKATING (Delta level and above)

This unique form of group skating is done by at least 4 people. Working off a common circle, skaters "draw" patterns, formations, and designs on the ice to music. The skaters skate in unison, all doing the same thing at the same time, each in their own area of the pattern. All kinds of maneuvers can be performed i.e. jumps /spins / footwork / spirals / etc. as long as the circular symmetry is predominantly evident throughout the routine.

PRE ALPHA – DELTA SOLO

Skater performs a one-minute program routine to music that emphasizes the required test level maneuvers from Pre-Alpha through Delta. Depending on each test level requirement, specific skating skills must be performed. All skaters must pass the Pre-Alpha – Delta test to compete in this event. Skaters must include one maneuver from Freestyle 1 in their program.

PRODUCTION TEAM (All Levels)

This team event is for groups of 8 or more skaters. Team will be judged on the performance value of the program. There are no required maneuvers and no technical score for this event. The group should use music along with elaborate costumes and props to enhance the theme while creating an entertaining performance. Skaters from all levels can participate in this event. Event entries will be divided in to Small / Medium / Large /Extravaganza categories, as registration warrants.

RHYTHMIC SKATING

This new entertaining event requires the use of one hand-held prop listed below. The program should contain elements that employ the use of the prop throughout the routine. The skater must maintain control of the prop at all times throughout the program. Props of the same kind (i.e. Ball / Hoop / Ribbon) will be grouped together and will not combine for competition event groups.

The skater chooses one Rhythmic prop per routine (ball, hoop or ribbon) and must maintain control of the prop at all times throughout the program. This means the prop must be used by the skater throughout the routine. It can be thrown, bounced or juggled but control should be maintained. ***The prop should not be put down on the ice while the skater does jumps & spins.*** No additional props are permitted

Props are not allowed on the event Warm-Up. If it is obvious that skater's prop does not meet the following specifications, the panel Referee can determine if any point deduction should be taken.

Choice of One:

- a) Hoop - Must be made from wood or plastic (from a rigid, non-bending material). Diameter should measure between 2 feet 7 inches - 2 feet 11 inches.
- b) Ball - Must be made of rubber or plastic. Diameter should measure approximately 7-3/4 inches.
- c) Ribbon - Stick must be made of wood, plastic or fiberglass. Stick length should be between 20-30 inches.

Ribbon material should be one single piece of satin or a non-starched fabric. Ribbon width should be 2-4 inches wide and between 6 feet - 9 feet long.

SOLO SURPRISE (All Levels)

This is a “fun” event where individual skaters are grouped together by age and/or skating levels. The skaters don’t know what they will be asked to do until the event begins. This event usually consists of tasks not necessarily related to skating ability. For higher-level skaters, the task might require performance of some skating skills, but the technical performance of the skating skill is not scored

SPECIAL SKATER 1-10

This category is open to skaters of all ages with physical or mental disabilities. Skaters will perform a program to music for 1 minute that includes all of the compulsory maneuvers from their test level. Skaters will be grouped by age, gender, and disability classification. The Special Skater event is based on the ISI Special Skater test levels 1-10. Above the Special Skater 10 (Delta) level, Special Skaters can take and pass the test levels in Freestyle,

Figures, Couples, Pairs, Dance and Free Dance so they are eligible to compete in those events – along with Artistic, Footwork, Interpretive, etc. If requested, the Competition Director can put special skaters into a separate event group for those events.

SPOTLIGHT SOLO PROGRAM (All Levels)

This is an entertaining & “fun” routine that emphasizes the skater’s acting ability and not technical skating skills. There is no score for technical merit in this event. The skater must pass a test for Tots, Pre-Alpha to Delta or Freestyle to determine the spotlight event level. Spotlight events are divided into three categories listed below. Please mark the correct category on your entry form.

a) *CHARACTER – a famous or easily identifiable character.*

b) *DRAMATIC – a theatrical performance that sets a mood and evokes an emotional response.*

c) *LIGHT ENTERTAINMENT – an entertaining or light-hearted performance*

<u>Levels</u>	<u>Maneuver Limitations</u>	<u>Duration</u>
Tot & Pre-Alpha – Delta	FS1 and below	1 min
Freestyle 1-3 / Bronze	FS4 and below	1.5 min
Freestyle 4-5 / Silver	FS6 and below	1.5 min
Freestyle 6-7 / Gold	FS8 and below	2.0 min
Freestyle 8-10 / Platinum	Any maneuvers	2.0 min

STROKING (Alpha – Delta Only)

Skaters compete together in groups wearing colored numbers for easy identification by the Judges. They do only forward stroking in both directions and are judged on posture and correct stroking technique. Crossovers are optional at the end of the rink, but not required and not judged. This is the very basic skill of skating.

SYNCHRONIZED COMPULSORIES – Formation / Skating

Synchronized Formation and Skating teams must perform 4 or 5 required elements to music, with no additional moves permitted. Teams will be divided by age groups. For details of compulsory maneuvers and program duration limitations, please see the current 2012 edition of the ISI Handbook.

SYNCHRONIZED TEAM - Dance / Formation / Skating

This is a group number for 8 or more skaters to perform in unison. They can incorporate various skating formations such as circles, pinwheels, lines, footwork sequences and dance steps. For description of Formation, Skating, and Dance categories, please see 2010 edition of ISI Handbook.

TEAM COMPULSORIES 1-10 (Freestyle Levels Only)

Six skaters (or seven skaters for FS6-10 levels) perform a lively and entertaining routine in which each skater performs one required test level maneuver (in the order listed in the 2010 edition of the ISI Handbook). Lively music with entertaining themes, great costumes and hand-held props are featured in this event. Skaters can compete on more than one team as long as those two teams are in different freestyle levels. Skater may skate above, but not below their own freestyle test level

TEAM SURPRISE (All Levels)

This is a “team” version of Surprise events. Each team must have 4 skaters from the same category level (listed below). Each skater may only participate on one team. Skaters under 6 years are not permitted to compete in

Team Surprise events. Teams can be made up of all males, all females, or any combination – as long as the resulting test level category is the same for ALL TEAM MEMBERS. Entries will be divided into competition groups based on the average age and/or test levels of all 4 team members.

Category Levels:

Low	ALL team skaters must be in Pre-Alpha to Delta levels only.
Medium	ALL team skaters must be in Freestyle 1-3 / Bronze levels & below.
Intermediate	ALL team skaters must be in Freestyle 4-5 / Silver levels & below.
High	ALL team skaters must be in Freestyle 6-10 / Gold / Platinum levels & below.

Skaters may skate in a higher team category than their current test level – but not in a lower team category. If entries are received with a team of skaters from different category levels, the team will be entered into the level of the highest skater. These team “surprises” will be a relay-type event where every member of the team must complete a required task. Some events might be related to skating ability – and some may not.

THEMED COUPLES SPOTLIGHT / THEMED PRODUCTION / THEMED SOLO SPOTLIGHT (All Levels)

These events will use the same guidelines as for regular Couples Spotlight, Production teams & Solo Spotlight events regarding levels, maneuver limitations, duration, and costume/prop restrictions. All programs in this event category must be related to this national event theme for 2010. The theme for Skate Asia 2011 is “Best of Broadway” so choose your favorite show tune from any musical and bring it to life – on ice!

TOT 1-4

Tots (skaters age 6 and under) will perform a 1-minute program routine with music. They should only perform the required maneuvers from their test level. Additional maneuvers should not be included and will not be judged. 2-foot and/or 1-foot snowplow stops are permitted in Tot events.

All Tot competitors must have their test registered with ISI to enter Tot competition events. Coaches will be allowed to help the skater from the ice door but will not be permitted on the ice during the competition events
