COUPLES SPOTLIGHT – LOW / BRONZE / SILVER / GOLD / PLATINUM

ENSEMBLE

This event is open to groups of 3-7 skaters of all levels and ages. Skaters will be judged on the performance value of the program. There are no required maneuvers, no maneuver limitations and there is no technical score for this event.

The group should use music, costumes & props to enhance the theme while creating an entertaining performance. The costume & prop guidelines are the same as for Solo Spotlight events. Props are not allowed on warm-up. Event groups are divided by number of skaters first and then by age, if necessary. Duration: 3 minutes.

FAMILY SPOTLIGHT (All Levels)

Two or more family members can perform an entertaining spotlight routine using costumes & props. If necessary, the event groupings are divided first by number of skaters and then by age groups and/or ability levels. Duration: 1.5 minutes.

FOOTWORK 1-10

Freestyle skaters perform a one-minute program to music using various turns and connecting steps with limited jumps or spins. Skaters are judged on correct turns & edges as well as flow, variety of moves and choreography. Duration: 1 minute.

FREESTYLE 1-10

A program performed to music with emphasis on the required test level maneuvers from the skater's current Freestyle level. Various skills are required, depending on the test level. All skaters must pass freestyle test level to compete in this event.

FREESTYLE SYNCHRO TEAM 1-10

Three to seven skaters from the same Freestyle level can enter this new form of group skating. They must perform the same identical Freestyle program in unison. All test level requirements must be included. All skaters must have passed the same freestyle test level to compete in this event. Skaters cannot skate above or below their freestyle test level.

Hockey Shooting

The skater will carry the puck on the stick while skating from one end of the rink to the other around a 4-cone course and will then skate toward the net and take a shot on goal. This is a timed event and the time will stop when the puck enters the net. The skater can shoot anytime after the 4th cone, but if they miss, they must get the puck and get it into the goal to stop the timing. The skater with the fastest time in that event group wins.

Hockey Goalie

After a short warm-up, a designated shooter will attempt 10 shots on each goalie; five will be of the slap shot variety taken from inside the blue line, and five will be of the one-on-one variety where the shooter picks up the puck on the blue line and skates in on the goalie from any direction in an attempt to score. If the goalie catches or smothers the puck, play will stop. If a rebound comes out in front of the goal line, it is still playable and the shooter can take another shot. Goalies will be awarded one point for each save. No rebounds will be permitted on slap shots.

If a goalie is "against the book" with no other competitors in their age group, they must stop 80% – or 8 out of the 10 shots – to receive 1st Place. For less than 8 saves, the goalie will receive 2nd Place.

Hockey Skating

Skaters will race one or two at a time skating one forward lap around the rink carrying the puck on the stick. After completing the forward lap, the skater will drop the puck, keep the stick and skate another lap around the rink backwards. The skater with the fastest time in that event group wins. There will be a short warm-up for each hockey event.

JUMP & SPIN

Two skaters enter the ice as a team. The first skater performs their choice of a required jump 2 times, followed by the second skater performing their choice of a required spin 2 times. Only the best attempt of each required element will be judged. **Only the technical accuracy of the required element is judged – the difficulty of the chosen element is not considered during judging for this event.** ALL JUMP & SPIN EVENTS will be done on FULL ICE.

This new production event is for your entire skating team. Skaters of all ages and advanced ability level can participate in this theatrical team event. This is a creative and artistic program usually based on a story or theme, using costumes, props and technical skating to enhance the production performance.

OPEN FREESTYLE – Bronze, Silver, Gold & Platinum

There are no required maneuvers for the Open Freestyle events and any spin can be performed at any level; but all skaters and coaches should carefully check the jump limitations for the Bronze, Silver & Gold levels. The program should be well-balanced including jumps, spins, connecting moves, gliding maneuvers, etc.

Skaters who have passed the traditional ISI Freestyle 1-10 tests are not required to take any additional test to compete at the equivalent level of Open Freestyle events.

Skaters who have passed tests from other skating organizations are only required to take the equivalent level test to compete at that level, in some cases, skaters will have to also test to move up to a higher Open Freestyle level – based on their current program content.

Open Freestyle event judging criteria includes Correctness of Jumps, Correctness of Spins, Correctness of Turns & Edges, Variety of Moves, Music Interpretation, Posture, Choreography & Pattern, Presentation, Duration and General Overall (by all 3 judges).

PRODUCTION TEAM (All Levels)

This team event is for groups of 8 or more skaters. Team will be judged on the performance value of the program. There are no required maneuvers and no technical score for this event. The group should use music along with elaborate costumes and props to enhance the theme while creating an entertaining performance. Skaters from all levels can participate in this event. Event entries will be divided in to Small / Medium / Large / Extravaganza categories, as registration warrants.

RHYTHMIC SKATING

This new entertaining event requires the use of one hand-held prop listed below. The program should contain elements that employ the use of the prop throughout the routine. The skater must maintain control of the prop at all times. Props of the same kind (i.e. Ball / Hoop / Ribbon) must be grouped together and cannot be combined for competition event groups.

The skater chooses only one rhythmic prop per routine (ball, hoop or ribbon) and must maintain control of the prop at all times throughout the program. This means the prop must be used by the skater throughout the routine. It can be thrown, bounced or juggled but control should be maintained. The prop should not be put down on the ice while the skater does jumps & spins. No additional props are permitted.

Props are not allowed on the event warm-up. If it is obvious that skater's prop does not meet the following specifications, the panel Referee can determine if any point deduction should be taken.

Choice of One:

- 1. Hoop** – Must be made from wood or plastic (from a rigid, non-bending material). The hoop diameter should measure between 2 feet 7 inches – 2 feet 11 inches. The hoop can have colored tap or fabric to match or contrast the skater's costume, but it cannot have any other decoration (i.e. fringe, lights, etc.) on the prop.
- 2. Ball** – Must be made of rubber or plastic. The ball diameter should measure approximately 7-3/4 inches. The ball must be smooth (without any texture).
- 3. Ribbon** – Stick must be made of wood, plastic or fiberglass. Stick length should be between 20-30 inches. Ribbon material must be one single piece of satin or a non-starched fabric. Ribbon width should be 2-4 inches wide and between 6 feet – 9 feet long – proportional to the size and ability level of the skater.
