

Eligibility Rules

1. Competition events are open to any Individual or Professional Members of ISI, from Tots to Adults, whose membership is current up to and including the date of the competition.
2. All competitors must compete at their highest test level passed and comply with all equivalency chart levels. All tests must be registered with the ISIA or ISI national office before the event entry deadline: 2 Mar 2026.
3. All competitors must represent a current ISIA or ISI Administrative member facility, club or skating school. It is permissible for skaters to represent one member facility for solo/partner events and a different member facility for group/team events.
4. Skaters in Pre Alpha – Delta may not compete in Freestyle 1, Bronze Freestyle, Couple 1, Pair 1 or Bronze Pair. If the skater has passed one of the following: Freestyle 1, Bronze Freestyle, Couple 1, Pair 1, then the skater may no longer compete in Delta level events.
5. Any skater wishing to compete in Artistic, Footwork, Interpretive, Spotlight, etc. is still required to pass and register a test level (i.e. Pre-Alpha – Delta, traditional Freestyle or Open Freestyle) to determine the level for those event entries. If the Open Freestyle tests are passed based on the skater's current USFS test level, the Pre-Alpha – Delta and traditional Freestyle tests are not required.

7. Members of other organizations are eligible and welcome to compete in ISI competitions as long as they are Individual or Professional members of ISIA or ISI and have all their ISI tests passed and registered with the ISIA or ISI national office. (USFS members should refer to the ISI/USFS Joint Statement of Recognition in this book) USFS members must also be a current ISIA or ISI member and register ISI tests up to and including the equivalent chart test level below for traditional Freestyle events or follow the Open Freestyle chart equivalents. The tests listed below are based on the USFS Free Skate test. USFS Moves in the Field test levels have no bearing on any ISI Freestyle test levels.

For requirements of the minimum ISI test level on which USFS skaters must compete, see chart below:

Skaters who have passed tests from other skating organizations are only required to take the equivalent level test to compete at that level. In some cases, skaters will have to also test to move up to a higher Open Freestyle level – based on their current program content.

Open Freestyle event judging criteria includes Correctness of Jumps, Correctness of Spins, Correctness of Turns & Edges, Variety of Moves, Music Interpretation, Posture, Choreography & Pattern, Presentation, Duration and General Overall (by all 3 judges).

PAIR 1-10

Together two skaters perform a choreographed routine to music. This program should include all the required maneuvers from their current Pair test level. The event is similar to Couples. However, unlike Couples, Pairs includes pair lifts and pair spins. Both skaters must pass the required Pair Test to compete in this event.

PRE ALPHA – DELTA SOLO

Skater performs a one-minute program routine to music that emphasizes the required test level maneuvers from Pre-Alpha through Delta. Depending on each test level requirement, specific skating skills must be performed. All skaters must pass the Pre-Alpha – Delta test to compete in this event. Skaters must include one maneuver from Freestyle 1 in their program.

PRODUCTION TEAM

This team event is for groups of 8 or more skaters. Team will be judged on the performance value of the program. There are no required maneuvers and no technical score for this event. The group should use music along with elaborate costumes and props to enhance the theme while creating an entertaining performance. Skaters from all levels can participate in this event. Event entries will be divided in to Small / Medium / Large / Extravaganza categories, as registration warrants.

RHYTHMIC SKATING

This new entertaining event requires the use of one hand-held prop listed below. The program should contain elements that employ the use of the prop throughout the routine. The skater must maintain control of the prop at all times. Props of the same kind must be grouped together and cannot be combined for competition event groups.

The skater chooses only one rhythmic prop per routine (ball, hoop or ribbon) and must maintain control of the prop at all times throughout the program. This means the prop must be used by the skater throughout the routine. It can be thrown, bounced or juggled but control should be maintained. The prop should not be put down on the ice while the skater does jumps & spins. No additional props are permitted.

Props are not allowed on the event warm-up. If it is obvious that skater's prop does not meet the following specifications, the panel Referee can determine if any point deduction should be taken.

Choice of One:

1. Hoop – Must be made from wood or plastic (from a rigid, non-bending material). The hoop diameter should measure between 2 feet 7 inches – 2 feet 11 inches. The hoop can have colored tap or fabric to match or contrast the skater's costume, but it cannot have any other decoration (i.e. fringe, lights, etc.) on the prop.
2. Ball – Must be made of rubber or plastic. The ball diameter should measure approximately 7-3/4 inches. The ball must be smooth (without any texture).
3. Ribbon – Stick must be made of wood, plastic or fiberglass. Stick length should be between 20-30 inches. Ribbon material must be one single piece of satin or a non-starched fabric. Ribbon width should be 2-4 inches wide and between 6 feet – 9 feet long – proportional to the size and ability level of the skater.

Spotlight events are divided into three categories listed below. Please mark the correct category on your entry form.

TEAM COMPULSORIES 1-10

Six skaters (or seven skaters for FS6-10 levels) perform a lively and entertaining routine in which each skater performs one required test level maneuver (in the order listed in the current edition of the ISI Handbook). Lively music with entertaining themes, great costumes and hand-held props are featured in this event. Skaters can compete on more than one team as long as those two teams are in different freestyle levels. Skater may skate above, but not below their own freestyle test level.

TOT 1-4

Tots (skaters age 6 and under) will perform a 1-minute program routine with music. They should only perform the required maneuvers from their test level. Additional maneuvers should not be included and will not be judged. 2-foot and/or 1-foot snowplow stops are permitted in Tot events.

All Tot competitors must have their current test registered with ISI to enter Tot competition events. Coaches will be allowed to accompany the skater on the ice during the performance, but shall not have any body contact. Only the skater performance will be judged.
